"I used Buttercross to let a property in Nottinghamshire, they handled all aspects of the let and I was very impressed with the efficient service, I was kept up to date at all stages of the process. I will certainly be using them next time I need to let a property."

- Simon Leadley, Landlord

"As a landlord for more than 40 years I was somewhat apprehensive about moving the management of my properties from an agency that had given good service for several years, to Buttercross Estates, a business new to Newark and previously unknown to me.

After some research into the company and a two hour session questioning the Managing Director, Daniel Otton, I decided to make the move.

To date I can report that Buttercross Estates meets all my requirements and more. Its views, ideas and energy is moving the property letting business into an adventurous and forward looking phase to the benefit of landlord and tenant alike.

I am confident that my property business will continue to share in the success of Buttercross Estates." - **Graham Gosling, Landlord**

"Just like to post a massive Big Up for Daniel Otton. He's promoted the property with energy and enthusiasm and already done loads of viewings from which we're confident a tenant will be found. Also communication has been excellent. I can't recommend him highly enough – thanks Daniel."

- Jeremy Heath, Landlord

"I would like to congratulate Daniel and his team, they were very efficient and quickly found a new tenant for our property. Will definitely use Buttercross Estates again."

- Angie Charlesworth, Landlord
